

IN THIS NOMAD NEWS: NEW KUI PARK, PARKS OPEN FOR BUSINESS, GIVE~GO~BUY, FINDING A KUI PARK ON THE WEBSITE, FREQUENT STAYER WINNERS, JOIN OR RENEW MEMBERSHIP

What a month it's been! From catastrophic bushfires we now have flooding and cyclones! We are so grateful, however, that the fires have nearly all but been put out. Sadly some areas are now flooding, but we can certainly be grateful for all the rain in the drought affected areas of Australia. We have also had fantastic reports from towns sharing their elation at the filling of their dams. This is just an amazing country! So blessed!

Kui Parks is fully supportive of the drive to get out and support the local towns and communities that have been affected by all the calamities we have endured. I hope many of you will be planning that road less travelled and support these small country areas a, routes and towns!

NEW TO KUI PARKS

We are very pleased to welcome Mark and Louis Florisson of [Green Head Caravan Park](#), Green Head WA to Kui Parks. The park is located on the beautiful WA coast around 258km north of Perth. This makes it a perfect stopover when heading north (or south)! The park boasts a beautiful bush style setting with spotless facilities. A peaceful place, ideal for a safe, quiet and relaxing holiday by the sea. A mecca in Summer with its beautiful beaches, fishing, snorkeling, kayaking, bird watching, diving and so much more! In Spring the area is awash with beautiful wild flowers. Plan a stop at Green Head!

READY TO WELCOME YOU!

We are so pleased to report that ALL our parks that were impacted by the catastrophic NSW & Gippsland bush fires are safe and OPEN for business. These towns have borne the brunt of a lack of business, which for many was their most important business period. Thank you for getting out there and supporting these towns and parks!

We know many other towns have, of course, been impacted by other bushfires, droughts, water shortages, flooding and more, so keep these in mind too, as we get out there and enjoy this magnificent country!

Last month we launched the GIVE GO BUY initiative, to encourage our members and followers to get out and do something for all those affected by all the catastrophic events over the last 6-12 months.

GIVE

We encourage you to GIVE GENEROUSLY. Every Dollar makes a difference! There are many organisations offering relief - so choose the one that suits you. Why not make a decision and GIVE today to help the towns and communities struggling to get back on their feet.

GO

Commit to spending at least 7-14 days of your trip this year to GO and take the road LESS travelled. Support the small communities and businesses that are struggling - buy locally and you will bring much needed income and support to them. Stay in a caravan park, help the local businesses survive, as well as all those who rely on work there. It will be life changing as you encourage and support the locals that are having to live through this challenging rebuild period.

BUY

Groceries, meat, milk etc will increase in price due to the devastation this past season. I know this is hard for many on a limited budget, but let us all BUY AUSTRALIAN. Support the farmers, BUY milk that supports farmers, BUY meat and groceries sourced in Australia. Remember that every bite you take you are helping a local farmer, his community and Australia. BUY in the local supermarkets, meat and veg and markets.

Make a difference by committing to GIVE ~ GO ~ BUY
